Distributor AC-4050

Features :

- Adopt impedance balancing branch connector (2 group input,1 group output)
- Low insertion loss computation
- Perfect plating surface reatment with excellent
- shielded function

Model NO.	AC-4050
Carrier frequency band	4MHz-8MHz
Insertion loss computation	<1dBM
Input/output Impedance	50Ω
Input terminal	2
Output terminal	4
Terminal type	TNC
Dimensions	155×105×30mm
Power Supply	DC18V/2A
N.W.	670g
