RSQ-060 Ceiling Speakers

Features

*This 2-way square ceiling speaker is especially suitable for home theatre or reticulated music systems. Features excellent hi-fi reproduction and high power handling capability.

*The efficient polycone driver produces clear bass and midband response, while the dome tweeters provide crisp clean high frequencies. The speakers include two-way passive crossovers.

*Installation is simplified by the use of swivelling mounting clamps, which rotate and then clamp onto the mounting surface as the screws are tightened.

Specification

Model	RSQ-060
Rated power (8 Ω)	80W
Maximum power	160W
Input	8 Ω
Sensitivity（1W/1M)	92dB ± 3dB
Frequency Response	80Hz-20KHz
Horn unit	6.5"x1 1'"x1
Installation hole size	310x205mm
Product size	335x233mm
Product weight	2.1KG
